

Sporting Contract for All Taranua College Sports Teams in 2018

As a student at Taranua College there is an expectation that you will demonstrate the values that define our school – Respect, Involvement, Excellence.

By representing the College in a sports team we appreciate that this is something that is good for your engagement and both personal and school pride. However, it important for you to realise that representing the College in a sport is a privilege and not a given right. It is clearly dependent on maintaining certain standards across your educational engagement.

Expected Standards:

- Attendance in school or associated courses is above 85%
- During attendance at school you should be present in all classes
- Academic commitments in terms of assessments are being met
- You demonstrate respectful and appropriate behaviour to all members of the school community and while visiting other venues
- You need to attend practices and games unless by prior arrangement with your coach
- All fees are paid as required

Failure to live up to these expected standards will trigger a review of your position as a student representing the College in a team and may lead to you being unable to participate as a College representative.

To acknowledge that you have read these expectations and understand the consequences of failing to meet them you must sign below and return a copy to the front office of the College. Until you have completed this form you will be unable to represent the school.

Jon Ward
Principal

I have read and understand the expected standards of students representing Taranua College and the consequences of failing to meet them.

Student Name(Print): _____ Signed: _____

School Team: _____

Parent Signature: _____

Please return one copy to the College office and retain one for your records.
